WE RESERVE THE RIGHT TO MAKE CHANGES TO THIS SCHEDULE

Students who are absent for an exam must take the exam upon return to the School. If the day of return is a class day, the student must report to the office prior to the 8:00 a.m. start to make up the exam, immediately. If the day of return is a clinical day, the student must take the exam prior to, or following the clinical experience depending on the clinical time frame. Failure to follow this procedure will result in a 5% deduction from the test score (per day not completed). Students are responsible for making arrangements for test make-up. The policy must be followed, as compliance is expected in successfully meeting class objectives.
